

A stylized floral illustration in a muted color palette of brown, teal, and lavender. The design features clusters of sunburst-like flowers with radiating petals and elongated, pointed leaves. The floral elements are positioned in the corners and along the edges, framing the central text. The background is a solid, light beige color.

THE BRAND

Inseparably linked to all the other Armani brands, Armani/Casa provides a platform for Giorgio Armani to set out his vision of the interiors: intimate special places with a mood of emotional pleasure, somewhere to relax and entertain guests surrounded by beauty and elegance. The purpose of the Armani/Casa research is to communicate an atmosphere, to dress everyday living spaces in the same way Armani fashion creations dress people.

The home imagined by Giorgio Armani is a place that provides the pleasure of well-being. Armani/Casa modernizes the way spaces are used by completely removing anything superfluous, redundant and useless. Nothing is left to chance, and every detail is meticulously conceived to express the idea of subtle luxury.

The Armani/Casa aesthetic philosophy focuses on simple lines and perfect proportions, enriched by precious materials, refined finishes, and elegant textiles. The quest for sophisticated comfort turns into the creation of a total home setting, which uses a modern and rational design language.

Inspirations from Art Déco and Eastern cultures blend with contemporary influences, in a constant dialogue with the world of fashion.

Today Armani/Casa offers a complete range of products for home furnishing: from furniture to accessories, from fabrics to wallcoverings, from kitchen systems to bathroom concepts.

LIMITED EDITIONS

Limited Editions occupy a special place within the Armani/Casa collection. They are exceptional numbered pieces featuring even more precious finishes and details that express the ultimate luxury. Each Limited Edition features a metal tag with the progression number and Giorgio Armani's signature.

ANTOINETTE

The iconic *Antoinette* vanity table is characterized by a cylindrical shape with folding top and hidden seat. This version features the same backlit round mirror introduced in 2022, which can be turned on/off thanks to the central switch button and is dimmable. The outer structure stands out for its marvelous Shell Mosaic, entirely handmade with squared and rectangular mother-of-pearl tiles that enhances even more the preciousness of this piece. Inside, glossy Black Maple creates a beautiful contrast with the outer finish. The seat is upholstered with the *Tolosa* fabric (ER069 - Pearl), showing a moiré design that highlights the connection with fashion collections by Giorgio Armani. *Antoinette* is a Limited Edition of 11 pieces. MADE IN ITALY.

CAMILLA

Camilla is a writing desk with a clear Art Déco inspiration. Its rigorous shape is enhanced by metal profiles and legs, which create a frame around the main material of the top and on the front of the three drawers. The timeless elegance of this piece features a handmade Shell Mosaic with squared and rectangular mother-of-pearl tiles. In this case, the selected metal for all the details is hand-polished Satin Light Brass. Inside, drawers are in matt black lacquer. *Camilla* is a Limited Edition of 11 pieces. MADE IN ITALY.

LOGO

Logo is the undiscussed icon of Armani/Casa. Designed in 1982 for the office located in via Durini in Milan, it is the very first furnishing product ever conceived by Giorgio Armani himself. To celebrate the 35th anniversary of this iconic lamp, the 2017 collection introduced a revamped Limited Edition of only 200 signed pieces. The squared wooden structure of the lamp features a thin layer of metal as base, like the prismatic joint of the stem. The switch is located on the base, in the shape of Giorgio Armani's signature in brass. Lampshade in methacrylate coupled with copper mesh; diffuser below the lampshade. MADE IN ITALY.

ROYAL

Bar cabinet in Limited Edition, 88 pieces. *Royal* is a hand-crafted cabinet marked by details reminding a revisited secrétaire with shutter closure. The structure is marked by an elongated cylindrical shape with semicircular sides, which become also the base of the furniture. The bar unit is closed by two flexible doors that slide horizontally into the main structure, unveiling the working area completed by shelves and a large drawer for preparation tools. Always keeping a strong connection to Oriental influences and fashion inspirations, the cabinet is clad in a special weaving of paper and cotton reminiscent of a Japanese tatami and textured fabrics typical in Giorgio Armani's aesthetics. Inside, back-lit panels of gold-toned methacrylate add movement thanks to their particular motif, recalling marble veins and mother of pearl. Metal details are in light brass with a satin finish. MADE IN ITALY.

DIMENSIONS

FINISHES

NATURAL-BLACK TATAMI / SATIN LIGHT BRASS

CLUB

One of the most iconic cocktail cabinet by Armani/Casa, *Club* takes inspiration from vintage travel furniture thanks to its x-shaped legs. This cocktail cabinet features container doors for the storage of glasses. The outer shell of this new version is clad in *Valparaiso* fabric, a hand-woven raw silk *canneté* featuring the embroidered design of a flowering succulent plant: the version of the fabric is the Silver/Grey/Pale Gold (ER144), which contrasts with the interiors of the cabinet in Blue Thin Leather. The interior of *Club* holds a lower pull-out shelf covered by an extralight transparent tempered glass (5 mm thick). The equipment is completed by three drawers: one for cocktail utensils, one to store the ice bucket and the last for bottles. The last two present a decorative tassel on the front. Legs and metal details in Satin Light Brass. Club is Limited Edition of 11 pieces.
MADE IN ITALY.

CANALETTO

In addition to the armchair, the footrest, the two and the three-seat sofa, the *Canaletto* range offers also a modular system. The system includes different elements that can be variously combined: a corner element, a curved corner element, a one-seat element, a two-seat element (with or without left/right armrest) and a chaise-longue (with or without left/right armrest). To ensure versatility and meet the taste of clients, the seat comes in two different sizes of 80 cm and 90 cm. In addition, two armrest widths are available (22 cm and 30 cm). Upholstery available in all suitable Armani/Casa fabrics or Soft Touch Leathers in collection. MADE IN ITALY.

OPEN

Open recalls the neat aesthetics typical of Armani/Casa. Conceived to be classic yet contemporary pieces, all modules – corner, footrest and keystone element excluded – of this sofa are available also with a sliding seat to become even more comfortable. A monolithic recessed base lifts the seat from the ground. Since all modules host one seat only, *Open* can be customized in many different ways to create linear, angular and curved compositions, suitable for any living room. The keystone sectional element is available in a unique size with an angle of 45°. The two end-modules (left and right, 80/90/100 cm seat) are available also with an equipped armrest, conceived to store books/magazines/newspapers, remote controls and other objects; the inner structure of this drawer is in wood. This range can be upholstered with all fabrics and Soft Touch Leathers in collection; fabric covers are removable. MADE IN ITALY.

SHARON

The Sharon range features a two-seat sofa, to match the armchair and the footrest with the same name. All those products share the same concept of the Morfeo bed and the Onda chaise-longue : the inspiration comes from the idea of a folded paper sheet, creating a sinuous silhouette in a single piece. Sharon is available in two different finishes. The version in Brushed Honey Ashwood and Hazelnut Midollino features a band in Cognac Thin Leather on the back of the backrest and can be upholstered with all suitable Armani/Casa fabrics and Soft Touch Leathers in collection. The version in Canaletto Walnut and Dove Grey Thin Leather, instead, is upholstered with Siracusa in Platinum colour: a fabric showing a materic effect created by a mix of different yarns (viscose, cotton, polyester, linen) playing around the same palette. Fabric covers are removable. MADE IN ITALY.

SHARON

Sharon is an armchair with footrest (to be bought separately), sharing the same concept of the Morfeo bed and the Onda chaise-longue: the inspiration comes from the idea of a folded paper sheet, creating a sinuous silhouette in a single piece. Sharon is available in two different finishes. The version in Brushed Honey Ashwood and Hazelnut Midollino features a band in Cognac Thin Leather on the back of the backrest and can be upholstered with all suitable Armani/Casa fabrics and Soft Touch Leathers in collection. The footrest of this version features a small cushion in fabric or Cognac leather. The version in Canaletto Walnut and Dove Grey Thin Leather is upholstered with Siracusa in Platinum colour: a fabric showing a materic effect created by a mix of different yarns (viscose, cotton, polyester, linen) playing around the same palette. Fabric covers are removable. MADE IN ITALY.

VISO

Rounded sofa conceived as a protagonist piece, to be placed in the middle of the room. Thanks to its silhouette, *Viso* can be easily matched with other small ottomans part of the Armani/Casa collection, such as footrests and armchairs. The enveloping shape has been designed to ensure comfort in both relax and conversation settings. *Viso* can be upholstered with bi-elastic fabrics only. MADE IN ITALY.

RONDÒ

Rondò is an armchair characterized by an enveloping shape, thanks to its curved design. The backrest creates a single element with the rounded armrests. On the back view, the armchair shows a peculiar – almost spherical – silhouette. Given these unique features, Rondò can easily become the focal point of a room. The slightly recessed base, on which the armchair can rotate, is made in lacquer. The upholstery is not removable and is available in Soft Touch Leather or in selected fabrics. MADE IN ITALY.

 SATIN BLACK NICKEL

PAUL

The *Paul* armchair takes inspiration from seats typical of the 30s and the 40s, immediately recalling the aesthetics of gents’ clubs of that time. Armani/Casa modernizes this classic design by adding updated details, like a higher seat and revised proportions. A distinctive feature of this piece is the presence of visible vertical stitchings on the seatback, which create almost a *matelass * effect reminiscent of collectors’ cars of the early XX century. Inner structure of seat and seatback with springs in harmonic steel; four thin squared feet in solid wood. Upholstery available in all Armani/Casa fabrics and Soft Touch Leathers in collection, plus a special Beige Vintage Leather developed exclusively for this range. Covers are not removable.
MADE IN ITALY.

SH: 45 cm - Inch 17.7

- FINISHES
- BRUSHED BROWN OAK

CODE: 045088 RMA0E ER083, TOLEDO FABRIC

PASCAL

The *Pascal* armchair is marked by its curved design, where the armrests are created by the prosecution of the seatback itself. The enveloping shape is not imposing at all, making this armchair ideal for small spaces/ corners and for the contract sector as well. Another feature of this piece is the presence of four feet in solid wood. The inner structure of the seat features springs in harmonic steel, while the seatback presents a rubber padding. Due to its curved lines, *Pascal* can be subject to limitations when choosing the upholstery: the upholstery is hence available in all Armani/Casa fabrics suitable for this kind of shape, plus all Soft Touch Leathers in collection. This armchair is available in a special Brown Vintage Leather developed for this range only. Covers are not removable.
MADE IN ITALY.

PRETTY

Dedicated to cinema actresses from the Twenties and the Thirties, the *Pretty* dormeuse was conceived as a hero piece to be placed centrally in a room, thanks to its curved lines that can be admired from all perspectives; the rounded shapes are made lighter by the wide empty space below the seat. The off-centered backrest - available both in right and left option - makes this charming piece of furniture suitable for being used also as a small sofa. Available in all Armani/Casa fabrics and Soft Touch Leathers in collection; covers are not removable.

REMY

Remy is a range of ottomans comprising a bench and small stools. The modern design is marked by the Z-shaped base structure, made with remnants of solid wood panels used for larger furniture: in this way, Armani/Casa continues the commitment of the Armani Group in sustainability. The upholstery can be selected among all fabrics and Soft Touch Leathers in collection, plus a special fabric (available on this range only) with a three-dimensional surface imitating an alligator rawhide. All covers are not removable. The stool is available also without upholstered parts, so that it can be used as a small table. The stool without upholstery can be completed by adding a thick leather (cuoio) pad - to be bought separately - available in different colours, in order to make the seat more comfortable. MADE IN ITALY.

GARDENIA

Gardenia is an upholstered bench that can either be used as an end-of-bed bench or singularly inside a room. Thanks to its neutral design it can easily be placed with all kinds of beds. Completely padded and upholstered, this bench is marked by its frame kept above ground by two metal x-shaped bases, characteristic in the Armani/Casa design line: the same base structure, in fact, can be found on Club, Damasio and Oreste. Upholstery in all suitable Armani/Casa fabrics or Soft Touch Leathers; fabric covers are removable. MADE IN ITALY.

DIMENSIONS
170x45x48h cm – Inch 66.9x17.7x18.9h

- FINISHES
- BRUSHED BROWN OAK
 - SMOKED GOLD *

DAKAR

Stool with upholstered seat. Inner padding in polyurethane foam and visible wooden legs. Dakar can be upholstered also with housse covers. Upholstery available in all suitable Armani/Casa fabrics or Soft Touch Leathers in collection. MADE IN ITALY.

DIMENSIONS
38x38x45h cm - Inch 15x15x17.7h

- FINISHES
- BRUSHED BROWN OAK

GLAM

The *Glam* stool was born to complete the related coiffeuse and is available in a single size. It has a simple but functional design: the seat features curved sides and tubular metal legs with squared section. Differently from the matching coiffeuse, the stool can be upholstered with different materials - like all suitable Armani/Casa fabrics and Soft Touch Leathers in collection - becoming a multifunctional piece. Fabric covers are removable.
MADE IN ITALY.

DIMENSIONS
60x40x45h cm - Inch 23.6x15.7x17.7h

FINISHES
SMOKED GOLD

CODE: 048546 CT00x, FABRIC TO CHOOSE

ROXY

Foldable stool in solid walnut and seat in thick leather (cuoio). The X-shaped legs move around a pivot enriched by the metal GA logo. From the side view, the legs show a structure made of several wooden laths. Roxy features tiny leather handles on the sides, to make the transport easier. Available in different leather (cuoio) colours.
MADE IN ITALY.

RODEO

The Rodeo range includes oval upholstered footrests/low stools available in two sizes. The main feature of this range is the tubular base – covered in thick leather (cuoio) and featuring metal details – that keeps those pieces lifted from the floor (6 cm). The large size is available in two versions, a fixed one and another that can be opened to access a container unit. Available in all fabrics and Soft Touch Leathers in collection. Covers are not removable.
MADE IN ITALY.

DIMENSIONS

JYLIA

Jylia is an elegant dining chair with rounded profiles, featuring a clear Eastern inspiration. The curved tapered seatback continues in the back legs. The *Jylia* chair combines different materials like leather (seatback and armrests) and lacquer (legs and base). The seat of the red version can be upholstered with *Jinhua* fabric (colour Jade Green/Ruby Red - TR775), *Nagano* fabric (colour Petroleum/ Red/Gold - TX023), *Sao Paulo* fabric (colour Rust/Red/Viridian - ER064) or Red Leather. The blue and the green versions are available in leather and lacquer only. The version in Brushed Honey Ashwood, instead, can either be upholstered in *Sao Paulo* fabric (colour Pale Gold/Platinum/Grey - ER065) or *Siracusa* fabric (colour Sage - ER049).
MADE IN ITALY.

PEGGY

The *Peggy* range comes from the idea of an enveloping and light seat, inspired by the multi-faceted figure of Peggy Guggenheim. The sinuous lines carved in the solid wood define an elegant functional silhouette. The result is a chair with sculptural yet very feminine aesthetics, paying a tribute to the love the famous collector had for *avant-garde*. Upholstery available in all suitable Armani/Casa fabrics or Soft Touch Leathers in collection; covers are not removable.

TROCADERO

Trocadero is the most iconic Armani/Casa table. Its silhouette is marked by the design of the four legs, placed so that they create the illusion of only two monolithic elements below the table top. *Trocadero* can be customized by choosing among four different sizes and many finishes, from classic to more particular ones. Options with two materials refer to the finishing of the top and of the legs respectively. The version with Brushed Greige Oak presents a top covered by tempered extra-clear glass. **MADE IN ITALY.**

PAGE

Page is a rectangular dining table, whose look catches the eye thanks to the particular base structure. In fact, legs are made of different wood laths (each with section of 3 x 5 cm) placed with a distance of 3 cm in between them: this feature creates an alternance of full and empty spaces, giving this important structure a lighter appearance. All laths of the same leg are connected at the base by a feet in Lacquer. Another important detail is the horizontal bar that connects the legs and runs below the top. The top has a thickness of 5 cm. Page is available in two versions. The first is in Brushed Honey Ashwood with top in Crisscross Natural Straw, whose striped design recalls the laths of the table; The second is entirely in Brushed Brown Ashwood, featuring a top in solid wood. The material used for this second version is sustainable, since comes from the excess of solid wood not used for other furniture: no additional trees are cut to obtain the raw material. **MADE IN ITALY.**

DIMENSIONS

240x105x75h cm - Inch 94.5x41.3x29.5h

NATHAN

Nathan is a dining table inspired by the *Matrix* collection of consoles, recalled by the extra thin tops (1 cm – Inch 0.4) and the metal legs with triangular section. The use of special finishes enriches the clean, elegant lines of the table, almost recalling the sartorial precision of a made-to-measure suit. The outer side of the legs is in the same finish of the top. MADE IN ITALY.

DIMENSIONS
240x110x75h cm - Inch 94.4x43.3x29.5h

PLANET

The table *Planet* extends the range of round tables by Armani/Casa, inserting an option that features the X-shaped legs typical of our brand. The X shape immediately echoes other iconic ranges from our collection, like the *Oreste* small table and the *Club* cocktail cabinet. The structure - featuring legs and frame of the top in solid wood - is very light thanks not only to the slim legs, but also to a visual effect created by the top, that has a 4 cm thickness that reduces toward the edges. The *Planet* range also includes an accessory, the *Lazy Susan* (an optional rotating tray, to be bought separately) available in different materials.
MADE IN ITALY.

PLAY

Play is a range of versatile coffee/side tables. As their name suggests, they have been conceived to give you the maximum flexibility: in fact, each structure can be placed using the side you want as base, and it can be completed by adding the top. Bases and top are sold separately, in order to leave the maximum freedom of choice. The structures are entirely made with solid Canaletto Walnut, featuring a special technique for the joints that does not require any metal part. The top is in Black Glass, obtained by painting a smoked tempered glass (thickness of less than 2 cm) on the lower side: the final effect gives the illusion of a shiny black lacquer.

MADE IN ITALY.

SATIN LIGHT BRASS **

LINK

Set of three small tables with rhomboidal shape. The structure features a base and a top element linked by four legs with the same section. The elements can be combined to create different geometric figures. Available in four different versions, featuring wood, metal and leather with shagreen effect print. The coloured leather version can be bought as a set of three like all other options but also individually. MADE IN ITALY.

ESAGONO

Esagono is a small table/stool with an irregular hexagonal base. The versions in solid Canaletto Walnut and Caribbean Lacquer feature two curved holes that serve as handles, to make this piece easier to move. The version in fabric is available in different variants, each one paired with a matching decorative tassel. Fabric covers are removable. MADE IN ITALY.

NORIGAMI

Norigami takes inspiration from the idea of a folded sheet of paper transformed into a coffee table. Two identical elements placed closely create the illusion of two bridge tables crossing each other. *Norigami* is extra thin (2 cm only) and presents a linear design, contrasting with the exclusive finishes in which it is available. Among those, Sky Lacquer is particularly precious since it is entirely hand painted: the inspiration for this material came from the work of the Romantic English painter John Constable (1776 - 1837) and his *Cloud Studies*. *Norigami* can be purchased individually or as a set of several elements, in order to create different compositions. MADE IN ITALY.

DIMENSIONS
SINGLE PIECE:
94x105x30h cm - Inch 37x41.3x11.8h

FINISHES

SKY LACQUER

NINFEA

Ninfea is a range of coffee tables with methacrylate legs. The thin top is made in Egypt Lacquer, a finish combining different techniques: a yellow metallic paint is applied on a technical fabric and, when it is dry, the fabric is crumpled to crack the paint and create an irregular surface. The fabric is then applied on a panel and coated with a protective transparent lacquer. MADE IN ITALY.

PURO

Puro - “pure” in Italian - is a range that really reflects its name: pure in the shape, pure in the materials. This side table reinterprets the sleek bridge shape typical of Armani/Casa: the timeless design is made precious by the contrast between Canaletto Walnut - Giorgio Armani’s favourite wood - and the Kyoto Texture, a finish made with real linen fabric in natural colour featuring dark red lacquered inserts. Wood veneer is applied on the inner side and on the border of the top/sides. *Puro* is available also in a version featuring a wood/stone mosaic: in this case, *Puro* can show the stone tiles on the inner or the outer side. All corners feature joints at 45°. MADE IN ITALY.

ENYA

The *Enya* console is available in a low and a tall version. *Enya* low is made specifically to be positioned on the back of the 3 seats Canaletto sofa and similar, but can also be used as a low console. *Enya* tall to be used in an entrance/corridor, a living room or behind sofas with higher backrests. The design is the same for all size options, with a slight difference for the longest versions: for technical reason, in fact, they feature an additional central leg that reaches the top, dividing the shelves in two.
MADE IN ITALY.

EVANS

The Evans console features a hidden storage compartment closed by a flap door. Available in one size only, this console is made of a suspended central element and two built-in flush legs in metal with square section placed on the sides. The hidden compartment has no exposed hinges to be almost invisible, and features a slow closing system.

MADE IN ITALY.

DIMENSIONS
120x36x80h cm - Inch 47.2x14.2x31.5h

The technical drawing illustrates the table's dimensions from three perspectives: a front view, a side view, and a top view. The front view shows a rectangular table with a height dimension 'H' and a width dimension 'W'. The side view shows the table's depth dimension 'L'. The top view shows the table's footprint, with a width dimension 'W' and a depth dimension 'L'. The table has a simple, modern design with a flat top and a central support leg.

MORFEO

Morfeo comes from the idea of a floating bed, a concept that becomes reality thanks to the thin, softly curved headboard and footboard. The structure is made of a single metal element, curved at the ends, clad in different fabrics according to the version and outlined with a rounded solid wood frame. All covers are not removable. The *Morfeo* bed matches with the *Meneo* bedside tables and shares the same concept of the *Onda* chaise-longue and the *Sharon* range. MADE IN ITALY.

SLAT STRUCTURES

All Armani/Casa beds include a double bed slat structure with a wooden or steel frame. The frame can be structural (so the whole slat structure cannot be separated from the bed) or removable (the whole slat structure can be separated from the bed).

All types comprise a system with flexible slats in beech wood. Depending on the range, each bed features a different variant of this system:

- Basic slats: flexible slats with no additional options;
- Shock-absorbing slats: each slat lies on a flexible rubber support, which adapts the slat itself depending on the weight above;
- Adjustable slats: double slats kept together by a couple of adjustable plastic rings. The farther the rings on the same slat are, the more the slat becomes rigid;

		BASIC SLATS	SHOCK-ABSORBING SLATS	ADJUSTABLE SLATS
STRUCTURAL FRAME	STEEL	MARTIN ROLAND		MORFEO RYOKO
REMOVABLE FRAME	STEEL	ROMA	DANDY ORIS	

GARCIA

Classic hypoallergenic mattress in latex of superior quality, h. 25 cm.

Springs: Independent spring system Supermicro 3000 h. 140 mm, 7 different comfort zones, spring section of 0.9/1.0 mm.

Density: 1100 springs/m².

Frame: Perimeter box in high-density expanded polyurethane.

Layers: Upper and lower layer in Latex with passing-through holes h. 40 mm.

Upholstery: Removable outer cover with perimeter borders and zips on both sides.

Padding: Anallergic wadding 300 gr/m².

Fabric: Jacquard fabric with Armani/Casa logo.

GARLAND

High-quality mattress with double thickness: the main body with springs and a thinner additional mattress on top filled with natural feathers. h. 27 cm.

BASE MATTRESS

Springs: Independent spring system Micropocket h. 140 mm with 7 different comfort zones, spring section of 1.1/1.2 mm.

Density: 600 springs/m².

Frame: Perimeter box in high-density expanded polyurethane.

Layers: Upper and lower layer in pyramid polyurethane foam Firm Support h. 30 mm.

Upholstery: Non-removable outer cover with perimeter borders.

Padding: Anallergic wadding 300 gr/m².

Fabric: Jacquard fabric with Armani/Casa logo.

TOP PILLOW

Upholstery: Removable outer cover with perimeter borders.

Padding: Anallergic wadding 300 gr/m².

Fabric: Jacquard fabric with Armani/Casa logo.

Inner thin mattress padded with goose feathers, tied to the main mattress thanks to leatherette straps FastStrap® system (trademark).

CAMILLA

Writing desk with Art Déco inspiration. The rigorous lines of *Camilla* mix metal with shiny wood or thick Tuscanian leather (cuoio) to achieve a look marked by a timeless elegance.
MADE IN ITALY.

EUCLIDE

Euclide has a light look, thanks to its thin top and chests of drawers supported by only two metal ribbon legs. *Euclide* is designed to be used from both sides, since it has four drawers with traditional guide rails on each side. This desk is equally suitable for being used in a study or in a bedroom. The frames of the drawers are in solid wood.
MADE IN ITALY.

ROUSSEAU

This elegant sleek desk presents the same features of the *Olimpia* bookcase and the *Prestige* sideboard: tubular elements clad in thick leather (cuoio) are connected by metal ribbons in brass, becoming decorative and functional details at the same time. *Rousseau* enhances the concept of lightness thanks to its thin top (frontal edge of 27 mm) and the legs completed by metal feet. The desk is equipped with four drawers. A particularly rich version features top and sides in hand-polished brass; on this version, top and sides are made out of a single metal piece. A desk pad in thick leather (cuoio) with embossed logo can be bought separately and was conceived to increase comfort while working on the desk.
MADE IN ITALY.

JOLIE

Featuring minimal lines with hints of the Thirties, *Jolie* is a two-drawer desk with wooden structure and leather top. It is equipped on each side with pockets conceived to store paper and magazines. Underneath the worktop two drawers open with the aid of a small leather handle with metal GA logo detail. The drawers feature wooden guide rails, which allow more height to the inside of the drawer. The drawer fronts show refined visible stitching. *Jolie* has no back panel, but the solid wood structure is conceived to ensure optimal stability. MADE IN ITALY.

* CODE: 048873 CA920 C4858

OLIVIA

Olivia is a desk reinterpreting the iconic bridge shape through a slightly curved top: its reduced dimensions make it suitable also to be used as a vanity table. *Olivia* features a hole for cables and a single central drawer. The minimalistic design is presented in wood or in combinations of very rich materials, like shells. The legs of those precious versions are in Platinum Lacquer, and their outer side is carved to obtain an undulate surface. MADE IN ITALY.

FINISHES

	SHELL MOSAIC / PLATINUM LACQUER

CODE: 050102 CH999 C2254

STENDHAL

The *Stendhal* secretary desk, marked by a strong *Art Déco* inspiration, is clad in the Jade Shagreen Textured Leather: the texture is reproduced through a printing process followed by a hand-brushing which lightens the colour in relief. Inner structure in Canaletto Walnut, with handles, feet and cable hole in Satin Light Brass. An important technical feature is the opening system of the folding top: through a special clutch device with an exposed steel wire, the top opens slowly without dropping and keeps its stability when working on it. *Stendhal* features an inner LED lighting system, with a switch button located under the shelf. MADE IN ITALY.

---	---	---	---

VIRGOLA

The shape of the *Virgola* free-standing bookcase is inspired by a parenthesis: the curved structure in Patinated Silver Leaf creates a beautiful background for the metal uprights in Satin Light Brass, while shelves are made with the breath-taking Orsini Glass. *Virgola* is available in one size only and is not modular.
MADE IN ITALY.

DIMENSIONS

ONYX

Onyx is a fixed bookcase that reinterprets the shape of the *Matrix* and the *Nathan* ranges (consoles, small tables, dining table) introduced in the last years: the metal structure features the same extra thin look (1 cm - Inch 0.4) and the iconic triangular section, which creates particular reflections. The top part of the shelves and the sides present the same material, contrasting with the structure always in Satin Light Brass. Available in different sizes (57, 95 and 180 cm of height) and materials.
MADE IN ITALY.

OLIMPIA

The free-standing *Olimpia* bookcase is made of a rectangular wooden frame hosting three shelves. This structure is sustained - and lifted from the ground - by five vertical tubular bars covered with leather, whose asymmetrical disposition gives movement to the entire piece. Stripes of metal, similar to ribbons, have the double function of carrying the shelves and giving more stability to the entire bookcase.
MADE IN ITALY.

CLUB

One of the most iconic cocktail cabinet by Armani/Casa, *Club* takes inspiration from vintage travel furniture thanks to its x-shaped legs. This cocktail cabinet features container doors for the storage of glasses. The outer shell is marked by Lacquered Red Linen: a finish featuring real linen fabric coupled with gold leaf and then painted in red, where a layer of transparent lacquer adds the final shiny touch leaving the textured surface visible. Inside, the beautiful Singapore fabric - marked by the design of Japanese-inspired fans - creates an unexpected contrast with the outside. The interior - illuminated by a LED system - holds a lower pull-out shelf covered by an extralight transparent tempered glass (5 mm thick) and a foldout top. A single lower unit, opened thanks to a push-pull system, hosts a small drawer conceived to store cocktail utensils. MADE IN ITALY.

RIESLING

Bar cabinet marked by a large storing unit that lies on a thin linear structure. *Riesling* is available in different precious finishes that enrich the neat design. The back of the doors is equipped with short shelves conceived to store glassware. The squared tiles on the doors of the Brushed Greige Oak version are covered by tempered extra-clear glass. The version in Moonlight Decoration features a tubular structure in metal, while others have legs with squared section. The version in Hazelnut Midollino presents handles in bioresin and interiors covered in in Cognac Thin Leather. MADE IN ITALY.

CIRCLE

Circle is a range of revolving tables, conceived to store barware, available in two sizes. The large version features two curved doors and two pull-out drawers. The inside of the doors is equipped with a structure to hold stem glasses, while the drawers can be used to store bottles. The small but taller version opens with the aid of a slim metal handle, and the inside of the curved doors is equipped with two shelves. Circle takes its inspiration from the travel furniture typical of the 20s and the 30s, object-sculptures that were transformable and suggesting several functions. The cabinet, thanks to a fixed turning base, can rotate of 360°. MADE IN ITALY.

VIRTÙ

The whole structure of this cabinet is slightly rounded, and presents details taken from the aesthetics of samurai armors: the handles of the hinged doors, for example, are a direct reference to the hilt of katanas (traditional Japanese swords), covered with Greige Shagreen Effect Leather and an intertwined motif in leather; details in Satin Light Brass. The outer structure is in Greige Tulipier, while the inside is clad in a natural-coloured tatami enriched by a print with typical motifs of tsugas (the guards of katanas): the same design can be found on the Juso fabric and the Towada wallcovering by Armani/Casa. Moreover, the print inside Virtù features two repeating cameos depicting samurai. The container unit of Virtù is equipped with two shelves, each of them laying on a row of two drawers with grooves; base in Black Lacquer. MADE IN ITALY.

PRESTIGE

Prestige is a sideboard developed to match the *Olimpia* bookcase. Like *Olimpia*, the structure is sustained - and lifted from the ground - by vertical tubular bars covered with leather, whose asymmetrical disposition gives movement to the entire piece. A stripe of metal, similar to a ribbon, has the double function of carrying the container unit and giving more stability to the entire sideboard. The outer frame shows joints at 45°, and is separated from the central body by an empty space to add lightness to the whole piece. The 4 doors can be opened thanks to metal knobs. *Prestige* is available in the same finishes of the *Olimpia* bookcase. MADE IN ITALY.

* CODE: 050381 CA941 C4856

MIRÒ

Buffet with three or four doors. The main unit of *Mirò* lies on a metal bridge structure with triangular section, like the one of the *Matrix* set of consoles. Doors feature a metal profile and push-pull opening system with slowing device; the first two doors from the left close a unique storing unit, while the last one closes a separate compartment. A middle shelf is featured in both parts. The blue version is dressed with Blue Tuareg Liquid Metal, a finish marked by a particular visual depth and inspired by the traditional turbans of tuaregs. Each door features a metal handle with decorative a tassel inspired by the jewels of Berber culture. *Mirò* is available with or without automatic inner lighting LED systems. MADE IN ITALY.

OUTDOOR

Expression of an unmistakable aesthetic style, the outdoor collection includes everything needed to furnish three different areas: relax, sunbathing, dining. Furniture is characterized by the use of Weaved Textured Teak, a material suitable for outdoor environments and marked by a three-dimensional carving reminding the weave of textiles. To complete the look, upholsteries are available in outdoor jacquard fabrics.

OUTDOOR | ARMANI/CASA

TERENCE

The *Terence* sofa is part of the Armani/Casa Outdoor Collection. The structure is entirely made of solid teak wood, which is naturally weather resistant. The wood is sculpted to obtain a sinuous shape, where the tubular armrests create a single piece together with the frontal legs and the upper profile of the backrest. A particular detail is given by the three-dimensionality of the Weaved Textured Teak, a finish - used in the lower band of the structure and on the one running horizontally behind the backrest cushions - recalling the typical surface of Armani fashion fabrics. The alternance between empty spaces and the three large backrest cushions communicate a sense of lightness and comfort, emphasized by the wide seat. All upholstered parts are padded with water-repellent rubber, to ensure an optimal use outdoor. Available in all Armani/Casa outdoor fabrics; covers are removable. MADE IN ITALY.

TERENCE

The *Terence* range also features a footrest, to match the sofa and armchair with the same name. Suitable for outdoor use, the structure is entirely made of solid teak wood, which is naturally weather resistant. A particular detail is given by the three-dimensionality of the Weaved Textured Teak, a finish recalling the typical surface of Armani fashion fabrics. All upholstered parts are padded with water-repellent rubber, to ensure an optimal use outdoor. Available in all Armani/Casa outdoor fabrics; covers are removable. MADE IN ITALY.

LIGHTING

The use of light is fundamental for Armani/Casa, a key element to design a perfect home setting in which to unwind and relax. Diffused light from multiple sources is Giorgio Armani's favorite for the home, wisely used to integrate natural light in daytime and to create cozy atmospheres at night.

Light plays also an important role in the rendition of materials, as well as in the perception of colour shades and hues. Armani/Casa lamps are conceived following those principles: their warm-toned light, together with the use of matt/transparent surfaces and finishes matching the ones used on furniture, define a perfect home setting that emphasizes the beauty of our products.

JOLANDA

Jolanda is a Murano lamp available both in the floor and table version, inspired by the shape of the traditional lanterns from the far east. The shade is completely hand made, following the ancient techniques of Murano glassmaking: a series of coloured matt glass rods are fused on a mass of white opal glass, in order to create streaks similar to those of a rock. After the process of tempering, the glass is worked by hand to get a matt finish. MADE IN ITALY.

RAMAGE

Floor lamp with tripod structure. The legs are conceived to reproduce three bamboo canes in metal, hence making this lamp matchable with the *Pamela* range. Shade with truncated cone shape, in fabric or in a special micro-perforated elm wood. The intricate design of the latter is inspired by wicker patterns, and creates a special seethrough effect with geometrical reflections of the light. The wood of this shade is coupled with a inner layer of PVC and features decorative metal rings on the borders, as well as two diffuser discs (above and below the light source); the fabric shade, instead, features a upper diffuser disc only. MADE IN ITALY.

PAMELA

Pamela is a lamp available both in table and floor version. The distinctive feature of this lamp is the thin metal stem, sculpted to resemble a bamboo cane and connected to a circular base developed on more levels. On the table version, the switch/dimmer - featuring the GA logo and a touch technology - is located on the base; on the floor version, it can be found on the stem. Available with truncated cone shade in fabric (white, red or forest green) or in a special micro-perforated elm wood. The intricate design of the latter is inspired by wicker patterns, and creates a special see-through effect with geometrical reflections of the light. The wood of this shade is coupled with a inner layer of PVC and features decorative metal rings on the borders, as well as two diffuser discs (above and below the light source); the fabric shade, instead, features a upper disc only. A cylindrical lampshade, made with raffia and other special yarns, can be selected for this range; it is available in two colours, both with contrasting borders. MADE IN ITALY.

REA

Floor lamp inspired by the ones furnishing the halls and staircases of Palazzo Orsini in Milan, the historical palace hosting the headquarter of the Giorgio Armani company. Conceived as a metal ribbon, Rea presents thin inserts in wood on the sides. The main lighting source is located on the top part, but a second one runs on the back of the stem of the lamp: the two sources can be switched on/off and dimmed independently. Thanks to those features, the lamp irradiates a smooth cozy light. The range also includes a wall light option suitable for domotics. MADE IN ITALY.

PALADINO

Paladino is a table lamp born from the idea of a three-dimensional *canneté* developed vertically: for this reason, the finish selected for this product is Brass Carved Liquid Metal, already an Armani/Casa icon. Liquid metal is a special lacquer made with real metal pigments, which give the finish the typical reflectance of real metal and its cold touch. Depending on the support, it is possible to obtain different effects: the carved version featured here creates the illusion of vintage brass rods. Available with truncated cone shade in fabric (white, red or green) with upper diffuser disc. MADE IN ITALY.

VOLTA

Named after the Italian physicist Alessandro Volta, this table lamp tributes the inventor of the electrical battery with its modern design. The base and the upper part - in Satin Light Brass - have the shape of low cylinders, connected by a stem in Satin Light Brass enveloped in a methacrylate tube. The stem seem to pierce the upper cylinder, where the light source is contained, and thanks to the transparency of the methacrylate, light is partially visible also through this detail. Volta is available in three dimensions; the smaller one is rechargeable and requires a power supply box (included) to work. Volta is dimmable and presents an on/off switch located on the structure. MADE IN ITALY.

- DOVE GREY THIN LEATHER / SATIN LIGHT BRASS *

THUNDER

A sophisticated extreme minimalism is the distinctive trait of *Thunder*, a table lamp conceived mainly for writing desks and work tops, but that can also be used strategically to add a strong design accent to reading corners and many other spaces thanks to its bold Z shape, evoked by the name of the product itself. The neat body of the lamp is entirely covered with Thin Leather, available in two colours - Cognac and Dove Grey. The LED light source is located below the upper part (parallel to the base), which can rotate to ensure the most comfortable diffusion of light. *Thunder* is dimmable and presents an on/off switch located on the structure. MADE IN ITALY.

MIYA

Lamps inspired by the soft atmospheres of the *Armani Privé* club in Milan.
All versions feature an iconic lamellar cube that filters light in a very cozy
and luxurious way. The table version is dimmable and made in wood for
what concerns the base and the lamellar structure, while vertical bars and
other details are in metal; it is available in two colour options. All wooden
layers are painted in gold on the bottom, to increase the warm tone of the
light. The lantern version (large and small), instead, is in greige lacquer
and has a LED working with a battery device.
MADE IN ITALY.

TOPAZIO

The *Topazio* wall light inspired a rechargeable lantern with the same shape. The inspiration comes from a classic faceted cut for gems - hence the name of the product - combined with contemporary materials. The lamp is visually light thanks to the open sides, framed by a metal structure in champagne colour. When lit, Topazio creates a beautiful effect thanks to light reflecting on multiple surfaces and projecting particular geometric shades.
MADE IN ITALY.

**Note: the lamp is not waterproof.*

RUGS & MATS

Most of Armani/Casa rugs are entirely handmade by Nepalese artisans who master the traditional technique of hand-knotting. The high density, together with the use of different yarns in terms of colour and composition, permits to obtain exceptional quality and aesthetics.

The dyeing of the yarns is made by hand and with a constant comparison to master samples, in order to reduce the discrepancy that naturally occurs from lot to lot. Once all yarns are ready, artisans begin the knotting: only the most skillful artisans can work on Armani/Casa designs, since their incredibly rich scales of shaded colours need frequent changes of yarn that can be managed only by the best long-experienced knotters.

After the knotting, each rug is washed and dried to revive colours. The drying phase is carried out in open-air environments to avoid aggressive treatments that could compromise the quality of the fibers. If the carpet features an accentuated three-dimensionality of the surface, a final scissor cutting is performed by hand.

The Armani/Casa collection of rugs comprises also loom-weaved options.

ARMSTRONG

Striped rug reinterpreting the *canneté* motif typical of the Armani style, available in custom size. Density: 100 knots/squared inch. The carpet is hand knotted without any child labour.
MADE IN NEPAL.

50% SILK / 50% WOOL

OLIVE GREY

BEIGE

BEIGE / GREY

CROQUIS

Rug with an Art Déco floral motif, available in custom size. The design is determined by the different trimming heights of the silk, which create an elegant three-dimensional effect. This elaborate processing is emphasized by the lustre of the silk that makes this carpet particularly precious. Density: 100 knots/squared inch. The carpet is hand knotted without any child labour. MADE IN NEPAL.

DIMENSIONS
Due to the pattern of the carpet, for the rectangular shape we suggest a size of 290x390 cm. Other sizes can be ordered only after the approval of the design.

MATERIALS
100% SILK

OTHER COLOURS

OFF WHITE

POWDER BLUE

ECCELISO

Rug with irregular *canneté* effect, available in custom size. The pattern is obtained by using two different techniques, loop pile and cut-pile, with different height. The alternance of glossy silk and matt wool emphasizes this effect. The carpet is hand knotted without any child labour. MADE IN NEPAL.

DIMENSIONS
Custom size

MATERIALS
50% SILK / 50% WOOL

GEM

Rug with loops pile border, available in custom size. The loops pile technique is developed with different heights on the vertical borders only, creating a particular dégradé motif. Density: 100 knots/squared inch. The carpet is hand knotted without any child labour. MADE IN NEPAL.

PEARL

MILES

Rug with wavy design, available in custom size. The three-dimensional effect to the full width design comes from the relief technique and from the shading of the stripe lines. Density: 100 knots/squared inch. The carpet is hand knotted without any child labour. MADE IN NEPAL.

DIMENSIONS

Due to the pattern of the carpet, we suggest a size of 300x400 or 400x400 cm. Other sizes can be ordered after the approval of the design.

MATERIALS

100% SILK

TAUPE / CHAMPAGNE

PEARL / PLATINUM

MORGAN

Rug with striped chevron design, available in custom size. Wavy chevron stripes create an intertwined macro effect on this silk carpet. The design is created with carving techniques as well as with the tone-on-tone colouring. Due to the modularity of the design - based on a 150x150 cm square - the carpet is presented in special sizes (see below for details). Density: 100 knots/squared inch. The carpet is hand knotted without any child labour. MADE IN NEPAL.

DIMENSIONS

The Morgan range can be ordered as follows:
300x450 cm - Inch 118.1x177.2 (Only option available for showroom display)
450x450 cm - Inch 177.2x177.2
450x600 cm - Inch 177.2x 236.2

MATERIALS

100% SILK

NOIR

Gradient coloured stripes fading from white to a pitch black background give a dramatic twist to this precious rug in silk. The silk enhances the graphic perspective design with strong colour contrast, while the carving makes the precise lines to stand out. Available in custom size. Density: 100 knots/squared inch. The carpet is hand knotted without any child labour. MADE IN NEPAL.

DIMENSIONS

Due to the pattern of the carpet, we suggest a size of 300x400cm. In case of other sizes, the design will be scaled to match the dimensions requested.

MATERIALS

100% SILK

BLACK / WHITE

NOONA

The wool background highlights the horizontal silk stripes in relief. This classic Armani/Casa pattern, in refined hues, offers a sophisticated background for the interior décor. Available in custom size. Density: 100 knots/squared inch. The carpet is hand knotted without any child labour. MADE IN NEPAL.

SAND

NIGHT BLUE

PETROLEUM

PABLO

Pablo shows a design featuring two frames running on all borders of the carpet. The outer one, like the central part, is made with cut pile technique on silk and features a watercolour effect to make this frame more vivid; the inner one is thin and is obtained through a loop technique on wool. The alternance of different three-dimensional effects and colour shades increases the contrast between all parts. Density: 100 knots/squared inch. The carpet is hand-knotted without any child labour. MADE IN INDIA.

DIMENSIONS

Custom size

MATERIALS

80% SILK / 20% WOOL

GOLD / IVORY

PEARL

PARADE

Parade is marked by plain horizontal lines. The wool background with silk lines in relief creates a three-dimensional *canneté*-inspired texture. The vertical lines cross the horizontal ones and create the illusions of irregular *canneté* tiles: the final design is a sort of irregular checkerboard, which echoes another iconic Armani motif. The entire rug is made with the cut technique; the three-dimensional effect is made more evident by the pile of the *canneté* lines, which is longer than the others. Density: 100 knots/squared inch. The carpet is hand-knotted without any child labour. MADE IN INDIA.

DIMENSIONS

Custom size

MATERIALS

60% SILK / 40% WOOL

OTHER COLOURS

BLUE / LILAC / SAND

PURPLE

The design of the *Purple* rug is obtained by playing with the round GA logo, deconstructed in order to create a repeating geometric module. A thin frame runs on all borders of the carpet, made with loop technique as the background; the repeating design, instead, is made with the cut pile technique, so that it remains more shiny than the other parts and hence more visible even on a tone-on-tone colour palette. Density: 100 knots/squared inch. The carpet is hand-knotted without any child labour. MADE IN NEPAL.

DIMENSIONS

Custom size

MATERIALS

100% SILK

ICE

PHILOSOPHER

The design of the *Philosopher* rug takes inspiration from the intertwined design of some fabrics within our collection. The background is in silver silk with both cut pile and loop technique; the texture in relief is given by horizontal lines in Dove Grey and vertical ones in Azure. The three-dimensional effect is particularly evident on this carpet. Density: 100 knots/squared inch. The carpet is hand-knotted without any child labour. MADE IN INDIA.

TATE

Tate is a hand-knotted rug presenting a geometric design based on the repetition of a fixed module: in fact, Tate can be ordered only in sizes multiple of the rectangle measuring 150 x 133,3 cm. The only exception is the size 300 x 300 cm, where the module will be a square measuring 150 cm per side. Each module features a ground in wool with loop technique - inspired by Japanese tatami - with profiles in silk. Density: 100 knots/squared inch. The carpet is hand knotted without any child labour. MADE IN NEPAL.

RUGS

CORPORATE SOCIAL RESPONSIBILITY

As part of the Armani Group, Armani/Casa is particularly sensitive to social aspects. The brand totally fulfills the Nepalese laws which grant the respect of the rights of knotters in terms of working hours per day, Monday-to-Friday shifts, proper wages and age of the employees.

COLOURS

The colours printed in this catalogue give only an idea of the actual hue of the final product. We suggest checking the updated samples available in all our stores. Always keep in mind that slight colour variations may occur from dye lot to dye lot.

DESIGN

To determine the direction in which the design will be developed on rectangular carpets, please refer to the related technical sheets or pictures in this catalogue. When ordering a rug, the first size communicated must correspond to the horizontal dimension (as photographed) of the carpet itself.

SIZES

Due to the handmade nature of our products, a size variation of up to 5% in relation to the ordered size may occur. Rugs exceeding a total of 20 square meters have dedicated prices that will be calculated upon request.

MATS

WEAVING

Mats are thin rugs made by using a pit loom. As the name suggests, this type of loom fits in a pit where artisans weave the rug through the aid of special pedals. In this technique, the mat is weaved parallel to the ground, which helps making those rugs less dense and stiff. While the warp is kept in tension thanks to two rows of pegs, the wefts are inserted by hand to create the design. A high level of craftsmanship is required to obtain those products, marked by the absence of pile and backing.

SUSTAINABILITY

Armani/Casa mats are made by using yarns coloured through a 100% ecological dyeing process with azo-free hues. They do not contain any harmful substance for the environment, pets or human beings: our suppliers operate in compliance to REACH SVHC regulations.

MATERIALS

The Armani/Casa collection includes many finishes developed exclusively for the brand, born from the reinterpretation of traditional techniques as well as from the infinite possibilities offered by modern technologies.

The range of materials comprises stones, woods, metals, leathers and many handmade precious finishes which require skillful artisans to be completed.

MAPLE

Our maple features veneer coming from plants belonging to the *Acer* genus. The typical narrow streaks of this wood are emphasized by the finish: a glossy surface enriches the black option featured in our collection. Area of origin: Europe.

BLACK MAPLE

OAK

Oak (*Quercus petraea*) is probably the most popular essence for furniture. The Armani/Casa collection features different versions of this wood, from the classic brushed ones to the most particular finishes. All oak versions in our collection are matt and covered by a layer of transparent protective paint. Area of origin: Europe.

BRUSHED BROWN OAK

BRUSHED GREIGE OAK

HAZELNUT OAK

VINTAGE BROWN OAK

ASHWOOD

Ashwood (*Fraxinus spp.*) is marked by clearly visible streaks, which create an exceptional visual impact. Ashwood plays around strong three-dimensional effects: a heavy brushing phase gives the surface a typical irregular appearance that highlights the natural veins of the material. The wood is finally covered with a protective layer of transparent matt dye. Area of origin: Europe

WEAVED TEXTURED TEAK

WALNUT

Walnut is present within our collection in its American version (*Juglans nigra*): the name “canaletto” comes from Italian and it is due to the tiny canals visible into the wooden texture, which transport sap inside the plant. Area of origin: North America.

CLASSIC AND EXOTIC ESSENCES

The Armani/Casa collection is rich in many woods varying in colour, texture and origin. Among the classic ones, Brown Elm features a glossy surface; Olive - an uncommon essence in home environments - underlines the deep bond of our brand to the Mediterranean.

Exotic essences count well-known precious woods like African mahogany (*Entandophragma utile*) and shiny rosewood from South America (*Machaerium scleroxylon*). All those essences do not need any CITES documentation, since they do not come from endangered species: this is an ethic choice that Armani/Casa pursues in order to fulfill the Corporate Social Responsibility of the Armani Group.

TAMO

Tamo (*Fraxinus mandshurica*), also known as Japanese ashwood, has become an iconic material for Armani/Casa thanks to its Oriental appeal. Native of Manchuria, it was later transplanted in the mountainous regions of Japan, where the rare «peanut-shell figured» grain variety is now exclusively cultivated. Available in two different colours, the unmistakable texture of this wood perfectly matches with the pure lines of our furniture. Area of origin: Japan.

TEAK

Teak is a naturally weather resistant wood suitable for outdoor environments. Weaved Textured Teak is marked by a three-dimensional carving reminding the weave of fabrics. Area of origin: Asia.

METALS

Always aiming to create the best chromatic harmony, Armani/Casa offers several colours of metals to perfectly match all other finishes in collection. Golden tones, in particular, are typical within the Armani/Casa palette. Each metal is characterized by a different treatment of the surface (satin or glossy) and shows a modern or a vintage look. Satin Light Brass is entirely hand polished to obtain its typical appearance.

SPECIAL METALS

The use of metal - and other exclusive finishes imitating this material - is a signature element of Armani/Casa. Onyx-Textured Metal combines metal with another element typical of our brand, onyx, Giorgio Armani's favorite stone because of its tone-on-tone striped design. An advanced ink printing technology is used to replicate the onyx pattern: in this way, the design "penetrates" the metallic surface so that it can become more vivid and resistant.

ONYX-TEXTURED METAL

ONYX

EMERALD QUARTZITE

GREY COLOMBIAN MARBLE

SELENITE

SODALITE

TAJ MAHAL QUARTZITE

STONES

Stones are a very important element in the Armani aesthetic philosophy, since they are the ultimate expression of Nature's beauty and eternity. Armani/Casa uses the most astonishing stones in the world for its collections, selecting every slab individually to find the best possible hue and design. Examples of this research are Emerald Quartzite and Taj Mahal Quartzite from Brazil, Grey Marble from Colombia, Selenite from Morocco and Sodalite from Bolivia.

SHELLS

Shells are the perfect example of how Armani/Casa can transform the beauty of Nature into astonishing finishes. Marine Pen Shell is made in Indonesia, where skillful artisans treat pen shells to obtain an alternating black/grey striped design. Shell Mosaic features a rich texture given by the pearlescent surface of mother-of-pearl tiles, assembled together to create a mosaic playing with squared and rectangular shapes.

MARINE PEN SHELL

SHELL MOSAIC

LINEN

The Armani/Casa collection includes decorative finishes inspired by the naturalness of linen.

Kyoto Texture is made with real linen fabric in natural colour featuring dark red lacquered inserts.

Lacquered Red Linen features linen fabric coupled with gold leaf and then painted in red, where a layer of transparent lacquer adds the final shiny touch leaving the textured surface visible.

KYOTO TEXTURE

LACQUERED RED LINEN

STRAW MARQUETRY

This finish has become an Armani/Casa signature through the years. The origins of this technique are ancient: first traces of straw marquetry can be found in Far East countries and date back to the Middle Age. Only after the late XVII century this decoration spread in central Europe, especially in France. The process to obtain this finish is handmade and requires several steps in which the skill of the artisan is crucial: from the cutting of rye straws to their flattening, from their glueing to the final polishing, everything must be carefully done to obtain the typical look of this precious material.

BLACK STRAW MARQUETRY

BRONZE STRAW MARQUETRY

NATURAL MATERIALS

Crisscross Natural Straw is obtained using a base panel covered by vertical rye straws, contrasting with the horizontal ones glued to leave the background visible. The alternance of vertical and horizontal stripes affects the way light hits the surface, giving back several tones of gold and brown that change depending on the angle of view. The finish is covered by a layer of matt transparent paint to make the surface smooth and more resistant. Like marquetrys, this finish requires many hours to be completed: the straws are carefully glued one by one to create the intricate pattern.

Natural-Black Tatami is a textured material obtained by weaving paper yarns around a core of resistant cotton strings. The tatami-inspired surface is marked by a three-dimensional motif, recalling a *canneté* effect thanks to the two contrasting colours: these features create a strong link to the world of fashion and Japanese culture at the same time.

Hazelnut Midollino, with its woven detailing, features a three-dimensional texture obtained through the traditional artisanal technique of wicker.

Golden Bamboo presents real bamboo canes positioned one close to the other and then sprayed with a special painting containing brass particles. The final look recalls a bamboo thicket sculpted in metal. A luxurious finish, echoing the love of Giorgio Armani for nature and Oriental influences.

HAZELNUT MIDOLLINO

GOLDEN BAMBOO

BLACK DRAFTED STUCCO

MUD DRAFTED STUCCO

RED DRAFTED STUCCO

WHITE GOLD DRAFTED STUCCO

WHITE GOLD STRIPED STUCCO

STUCCO

This typical wall decoration technique has been reinterpreted by Armani/Casa with the creation of these precious finishes. The drafted versions, available in four colours, are obtained by creating an irregular grid on wet stucco; once dry, the surface is finished with a protective layer of glossy lacquer.

White Gold Striped Stucco, instead, is the result of the combination of three different elements: a carved wood panel featuring a striped design reminding the *canneté* texture of fabrics, a layer of natural stucco and a final application of silver leaf.

GOLD AND SILVER LEAF

The art of gilding is very ancient: Egyptians used to gild wood and metals, and also Greeks knew a similar technique. The extensive use of gilding spread especially during the Roman Republic period and continued for all the following centuries, becoming a typical decoration for jewelry, statues, picture frames, paper art, small objects, architectural details and luxury furniture. The gilding of Armani/Casa furniture is a completely handmade process, which is carried out thanks to the skill of artisans applying the thin metal sheets (0,2 micron thickness) on wood with the aid of a brush and a wet sponge only.

Gold leaves are made with real 12-karat gold and are available in two tones, from a very pale and delicate white gold to a more vintage tone; silver leaf, is presented in a romantic rosé version enriched by a touch of copper.

GLASSES

The Armani/Casa collection includes a range of exquisite Murano glass, made following the ancient techniques of Murano glassmaking.* The appearance of these creations is marked by streaks and veins in different tones, layered in the thickness of the glass in order to create a sense of major depth and imitating the look of stones. The silky touch of the surface is due to the final polishing phase.

Orsini Glass is a breath-taking finish inspired by the Neoclassic architectural details of Palazzo Orsini, like the water green walls and golden stuccos. This finish is obtained by hand painting the back of a tempered extra-clear glass with a special paint mixing different pastel tones, using a large soft brush. The application of the paint is uneven, hence leaving some areas more transparent than others; the addition of real gold leaf adds a further touch of preciousity and layers of depth. The final passage is a protective painting, in order to fix and protect the finish while making the surface completely smooth.

MOONLIGHT DECORATION

DECORATIVE RESINS

Ivory and black, two sides of the same elegance envisaged by Giorgio Armani. The neutral tones of the first blend in the velvety essence of the second, creating a stunning three-dimensional finish for Armani/Casa. Inspired by the delicate brightness of the moon and its reflections on water and clouds, the Moonlight Decoration enchants with its dégradé effect, as well as with the uneven appearance: circles, carved in the resin to imitate the concentric ripples created by drops, add movement to the surface resembling water mirroring the night sky.

HANDMADE / HAND PAINTED LACQUERS

These finishes represent the highest level of artisanship and are deeply linked to art.

Caribbean Lacquer is obtained by applying three layers of different colours on the same surface: the paint is later removed in specific areas in order to show the contrasting hues underneath, creating irregular stripes with blurred borders. The whole process is handmade.

Golden Sea Waves Lacquer, instead, presents golden hand painted streaks on a shellac ground, recreating a play of reflections on water half way between the softness of Impressionism and the luster of Art Déco.

Sky Lacquer is entirely hand painted and reinterprets the hues of the *Cloud Studies* that the English painter J. Constable (1776-1837) painted as a tribute to his homeland.

OTHER LACQUERS

Many of the lacquers by Armani/Casa show a distinctive look, given by the texture or the metallic shine of the surface. Egypt Lacquer is a perfect example, since it is the result of the combination of three different techniques: after being painted to recreate a laminated look, a technical fabric is crumpled, glued on the supporting panel and lacquered. Among others, we can mention crackled lacquers – reproducing the crackled surface of precious vintage objects – and lacquers inspired by metals.

Platinum Waves Lacquer presents a design of wavy lines, visually recalling an irregular *canneté*. The effect is obtained thanks to the most superficial veneer, whose increspated surface adds movement to the whole finish. The final touch is the addition of a platinum lacquer, enriched by a very light rose hue.

LIQUID METALS

Liquid metals are a new generation of lacquers featuring real metal pigments, which give the finishes a distinctive look: in fact, all these materials present a typical reflectance and a cold touch resembling the one of real metal. Depending on the support – carved, brushed or perfectly even – and the desired hue, it is possible to obtain different effects. On ash, for example, it is possible to appreciate the natural veins of wood below the silver lacquer, while the carved versions create the illusion of vintage metal rods.

A rich tone of blue, marked by a particular visual depth and inspired by the traditional turbans of tuaregs is the main feature of the Blue Tuareg Liquid Metal. A first layer of silver liquid metal is applied on the surface, which is then hand brushed and finally covered with a layer of blue lacquer.

SHELLAC

These lacquers are available in vivid colours, highlighted by the homogeneous surface covered with a shellac finishing.

METHACRYLATE

Methacrylate is a high-performing material with unique characteristics: more transparent than glass and very resistant, it can be used to obtain particular effects. The Armani/Casa collection features different versions of this material coupled with metal mesh, where the final colour depends both on the hue of the metal itself and the colour of methacrylate layers enclosing the mesh.

SOFT TOUCH LEATHERS

Soft Touch Leathers are tumbled cow leathers, showing a distinctive texture. Available in neutral colours, this kind of leather is suitable for upholstered products. Area of origin: Italy.

THIN LEATHERS

Thin Leathers present a reduced thickness compared to Soft Touch Leathers. They are treated cow leathers featuring a smooth surface, where irregular streaks can be visible: this distinctive feature is typical of the natural raw material and highlights its quality. Thin Leathers are available on a selection of products only. Area of origin: Italy.

SHAGREEN-INSPIRED LEATHERS

Shagreen-inspired leathers present a particularly visible texture, added through printing or coating techniques. Among those, we can mention Jade Shagreen Textured Leather: the texture is reproduced through a printing process followed by a hand-brushing which lightens the colour in relief. Colour and shade can vary from one leather to another.

TECHNICAL SHAGREEN FABRIC

OTHER LEATHERS

Some leathers are developed as exclusive materials for specific products. Vintage Beige and Vintage Brown Leather are respectively available on the Paul and Pascal ranges only, and both are marked by irregularities on the surface due to the preciosity of the material.

TECHNICAL FABRICS

Technical fabrics by Armani/Casa are developed on microfiber, which makes them soft and pliable. These materials are stronger than leather on a strength-to-weight ratio but, similarly to leather, their surface features invisible micro pores that can dissipate heat and humidity. Differently from usual fabrics of this kind, they do not contain any PVC: for this reason, they do not release any harmful compounds, thus being safe for use in any environment. Those fabrics are also very resistant to abrasion and provide excellent durability; they even passed the flame retardant test (FR) without any additional treatment.

Depending on the desired effect, these fabrics can undergo different processes to obtain a specific look: Technical Shagreen Fabric, for example, has a custom printed multi-coloured pattern created by a tri-axial matrix, conceived to remind the appearance of the precious rawhide typical of the Armani taste. The other versions of technical fabric reproduce the typical streaks on the fur of chinchilla (Technical Chinchilla Fabric) or a warm-toned leather with pearlescent reflections (Technical Pearl Gold Fabric).

This catalogue is for internal use only. Any reproduction of images and texts is forbidden without the explicit consent of Giorgio Armani.

All colours and textures visible in the pictures – including furniture, rugs, wallcoverings, fabrics and finishes - may not correspond to the real products. Woods and stones in particular could present some slight variations depending on the production lot. This feature must be considered a distinctive trait of the natural material used. Please always refer to our showrooms and official dealers for more information.
